

## Petrolia

Players will only be allowed to enter the arena 15 minutes before their scheduled practice through the front entrance.

Upon entering front doors, players, coaches, trainer will have to sign in, acknowledging they can pass the COVID questionnaire provided on our website.

EVERYONE that enters the arena needs to be wearing a mask. This is mandatory in the town of Petrolia. Masks may be removed once a player puts their helmet on.

Upon entering the front mezzanine there will be benches set up to tie skates and put helmets and gloves on.

We are requesting players come partially dressed (**Dressing rooms are closed in Petrolia**).

Petrolia has a maximum of 50 people allowed in the arena, and they do have a spectator spot.

At this time, we would like to suggest a maximum of **1 parent per player enter the arena**.

Players must leave the arena within 15 minutes of the practice.

Instructors, Arena staff, Board Members will help guide players and parents through this new process.

Please bring own water bottle filled at home. Fill station cannot be used at this time.
